Consultation Paper – Proposals to adopt SIRs (Ireland)

Dear Kevin

We welcome the opportunity to respond to the above consultation. PwC is very supportive of the issuance of Standards for Investment Reporting (Ireland) and believe that these standards will help to ensure the performance of consistently high quality engagements related to investment circulars in Ireland by reporting accountants.

PwC Ireland participated in a working group established by CCABI to respond to the above consultation and our responses to the questions set out in the consultation paper have been incorporated into the response submitted by CCAB-I.

Yours sincerely
